

I am writing to protest the change that could allow new LPFM stations to take priority over current FM translator service. All 5 of us in my family listen daily to Air1 FM Radio Station. It is wholesome, Christian broadcasting that is hard to find. It gives my teenagers appropriate music to listen to that is upbeat and current but sends a positive message. Eugene is already a very liberal community. We need to have a balance of radio station choices to choose from and Air 1 gives us that. Young people need to hear positive, uplifting, socially appropriate messages. Since they listen to music all day long, why not have it be a radio station that conveys these ideas. It can make a difference in how a teen perceives him/herself, and in how they relate to the community around them. Please don't make changes that will eliminate this station from our area! My family and other families need this kind of radio!
